

Request for Support

We are committed to supporting not for profit organisations and community groups dedicated to making a difference in our communities.

Each year we participate in the ClubGRANTS NSW scheme, which distributes funds to local community groups and organisations as per the established criteria. Visit www.clubgrantsnsw.com.au for information on applying for a ClubGRANT. These grants are awarded annually.

In addition to this, we frequently receive requests for support of many worthy causes and community groups throughout the year. In order for us to determine how to direct our limited pool of funds, and to help us determine whether your request meets criteria, please complete the form below.

We will review your request and notify you of your success or otherwise.

Date _____ Name _____
